Application No. 10/657,162

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner indicated that a 105 request had been mailed to Applicant requesting an English copy of Japanese Patent Application Publication No. 2002-222061. Applicant indicated that Matsunami et al. U.S. Patent Application Publication 2002/0099914 was an English equivalent of the requested Japanese patent application. Examiner indicated that claims 14-20 overcome the prior art of record, as authorized by SPE Vaughn 2144. Applicant agreed to cancel claims 1-13 to place the case in condition for allowance. Examiner agreed to make this amendment in an Examiner's amendment after a review of the new Matsunami et al. reference.
